VOL. XVIII. NO. 347.

PADUCAH, KY., WEDNESDAY EVENING, OCTOBER 24, 1906.

10 CENTS PER WEEK

NIGHT WATCHMEN AT ALL CROSSINGS

Mayor Directs Local Railroads To Provide Them All Night.

Prompted to Do So By Recent Accidents at Crossings, and Public Requests.

ORDER WILL BE APPRECIATED.

Mayor Yeiser today wrote letters to Superintendent W. J. Hills of the N. C. & St. L. railroad, and J. T. Donovan, agent of the I. C., notifying them that these roads must comply with the city ordinance directing that the railroads keep watchmen at all of the crossings in the city, day and night, while trains are crossing these places.

The mayor was prompted to do this by the several accidents that have happened at the crossing recently, and more particularly, by the accident at the Jefferson street crossing of the Illinois Central Monday night when William Allen, a driver for the overland transfer which runs from here to Mayfield, was injured by a switching freight train bearing down on him.

"I notice there are quite a good many accidents occurring at the railroad crossings, and notify you, for the public safety to keep a watchman or flagman, both day and night, while trains are passing at these places, and at any and all streets in the city of Paducah," is the way the mayor's letter reads.

"I think the public safety demands this, as I say in my letter," said the mayor today, "and I intend to have the law obeyed. I don't wish to impose any extra expense on the railroad that should not be borne, but where the roads have trains running at all hours of the night they must keep watchmen."

The press of the city has been making such a request for some time and the mayor's order will be appreciated by the public. The N. C. & St. L. claims that it does not run any trains at night and the mayor says in such a case he will not demand a watchman, but where a train or trains are passing at any hour of the night he says the roads must have a watchman.

CONFERENCE

HELD AT THE BROADWAY M. E. CHURCH LAST NIGHT.

Rev. J. W. Blackard Will Also Hold One at the Third Street Church Tonight.

Rev. J. W. Blackard, D. D., president of the Paducah district Methodist church, held quarterly conference at the Broadway Methodist church last night and will hold one tonight at the Third street church.

Dr. Blackard arrived home yesterday and will leave tomorrow. He is busy rounding up his work for the year in the district which is in a prosperous condition under his able direction, and will make a splendid showing at the annual conference in November.

FAST FLYER DELAYED.

Train From New Orleans Was Five Hours Late This Morning.

The fast "flyer," No. 104, from New Orleans to Cincinnati over the Illinois Central, was delayed five hours this morning by a derailment at Curve, Tenn., and a score of passengers from Paducah were forced to suffer a wait in the depot until 6:30 this morning. The train was due at 1:20. A freight car left the track and the Fulton wrecker replaced it. No one was injured.

DUCHESS SAFE AFTER FLIGHT

Fears for Balloonists Who Ascended in Italy Are Ended.

Milan, Oct. 24.—The Duchess of Aosta, who ascended in a balloon from the exposition grounds yesterday morning, accompanied by the Baron and Baroness Perrone di San Martino and of whom no news was heard all day yesterday, landed safely at Cassano d'Adda.

ROOSEVELT

Knows Where to Hit and Makes the Home Run.

Warsaw, Ind., Oct. 24.—Senator Beveridge, in a speech here today, said his attention has been called to what Bryan has said of him.

Bryan was quoted as saying that Roosevelt was doing all right and that Beveridge talked all right now, said Beveridge, "if that's the case I ask all Democrats to support us and make it unanimous."

Continuing, the senator declared the reason Bryan never hits the ball is because he strikes not where it is but where he thinks it is. "The reason Theodore Roosevelt is making home runs," said the senator, "is because he knows where the ball is."

YOUNG QUAILS

ARE BEING SHOT BY UNSPORTSMAN HUNTERS.

Sportsmen Preparing to Prosecute One Man Who Is Guilty of the Act.

Sportsmen in the local Illinois Central shops residing in the vicinity of Sixteenth and Tennessee streets, are preparing to "turn up" a sportsman who is openly violating the game laws. He is alleged to be daily killing young quail out of season.

"We notice him daily with his gun en route to the woods, and on his return has abundance of game, principally young quail," one well known sportsman declared. "The birds are not hardly large enough to fly well, and we are preparing to 'turn him up' to Fred Hoyer, the game warden. There is a heavy penalty attached to killing game of any kind out of season."

Treasure Ship Overdue.

New York, Oct. 24.—That the British steamship Arabistan, with \$3,000,000 in gold aboard, is five days overdue somewhere between San Lucia and Porto Rico was admitted today by the New York agents, Norton & Sons, in the Produce Exchange building.

FEHR BREWERY

MAY LOSE ITS CHARTER FOR CAMPAIGN CONTRIBUTION.

Effort Is to Be Made to Put the Company Out of the State.

Lexington, Oct. 24.—As the result of the confession of Charles P. Dehler, secretary of the Frank Fehr Brewing company, that the corporation of which he is an officer, in the campaign of 1903 contributed \$2,500 to S. W. Hager, chairman of the Democratic campaign committee for political purposes, sensational developments are promised.

It is said on excellent authority that an effort will be made to have the franchise of the brewery company of which Dr. Dehler is an officer, forfeited. An important conference was held here yesterday, and the first step to compel the forfeiture of the franchise was taken. It is known that a prominent attorney has been retained to prosecute the case, and some definite action will be taken this week.

It is not positively known that Gov. Beckham is the instigator, but it is a fact that several of his closest political friends have been in consultation with attorneys to this end. They declare that the letter written by the Rev. H. D. McLachlin, of Shelbyville, is sufficient evidence on which to lay the foundation for the proceedings looking to the forfeiture of the franchise.

Section 150 of the Constitution penalizes the act of any corporation contributing money to any political organization to be used for campaign purposes.

FINED AND PRAISED BY COURT.

Man Who Shot to Defend Woman From Husband Upheld by Judge.

Carmi, Ill., Oct. 24.—John Ribich, who was indicted for shooting William Newman because the latter attacked his wife on the street, was today fined \$25 in the circuit court by Judge P. A. Pearce, who remarked while imposing the penalty that had he been on the jury he would have acquitted the prisoner.

THE GOVERNOR WAS HERE LAST NIGHT

Makes City His Headquarters In District Tour.

Had an Enthusiastic Reception at Benton Yesterday—Speaks at Bardwell and Clinton.

EDWARD O. LEIGH IN TOWN

Governor J. C. W. Beckham was in Paducah again last night, leaving early this morning for Bardwell and Clinton.

Governor Beckham spoke at Benton yesterday to a large crowd, and was enthusiastically received. He returned on the night train arriving in Paducah at 8:30. He registered at The Palmer and left at 4 o'clock for Bardwell where he spoke this morning. This afternoon he will speak at Clinton.

Colonel Edward O. Leigh, secretary to Governor Beckham, arrived from Frankfort this morning and is here on business.

The governor and Colonel Leigh are very confident of the governor's success at the primary. The receptions in west Kentucky have been very gratifying, and the reports from every section of the state are satisfactory to the governor and his friends.

While here Colonel Leigh will also confer with local men on the local situation, and probably tip off to them how to run a successful campaign. The local contingent of the Democratic party seemingly is in need of such instructions.

Fear Another Outbreak.

Siedlee, Poland, Oct. 23.—Fearing another outbreak, the population has positioned the governor-general to remove from the city the Narve and Dubna regiments, the rank and file of which are showing a hostile spirit toward Jews.

LIVELY ROW

WHEN WOMEN SUFFRAGISTS ARE ARRAIGNED.

Women Sympathizers Engage in a Struggle With the Police Using Teeth and Nails.

London, Oct. 24.—A lively row occurred this morning when women suffragists were arraigned for creating a disturbance in the house of parliament yesterday. Several policemen suffered in the struggle with women who fought, bit and kicked. Torn uniforms, bleeding faces where finger nails scratched, left marks on the officers. A sentence of two months' imprisonment was passed on agitators for refusal to give bond to keep the peace, and when sentence was pronounced, the women in the court room cried "Shame Shame!"

HALTS SALE OF CHICAGO MEAT.

City Chemist of Cleveland Finds Injurious Preservative Used.

Cleveland, Oct. 24.—William Pate, Jr., city chemist, found today that each of ten samples of meat submitted to him was preserved with sodium sulphite, which Mr. Pate considers the most injurious preservative in use. All the samples were shipped here from Chicago. An order was immediately issued prohibiting the further sale of the meat. Under the law at present there is no penalty for shipping impure or preserved meats into the city.

Revival at Woodville.

A successful protracted meeting is now in progress at the Methodist church in Woodville. It is conducted by the pastor, Rev. W. P. Hamilton, formerly in charge of the Third street Methodist church in Paducah.

It is the daily average circulation of a newspaper that the shrewd advertiser investigates. "High Water" days don't count. The Sun's daily average last month was 3939.

DIES SHIELDING HIS ASSAILANT

Rich Illinois Farmer Is Murdered in Mysterious Manner.

Waterloo, Ill., Oct. 24.—Refusing to tell the name of the man who attacked him, although he was dying, Anton Merlebach, a rich farmer of Renault, succumbed last night to the effects of an injury inflicted by an enemy in a mysterious manner. Some one threw a stone at him. It struck his head, fracturing the skull. Merlebach was conscious for some time before he died, and would say nothing except that he knew who his assailant was. The residents of Renault are making an organized attempt to solve the mystery and threaten to lynch the slayer if he is apprehended.

ISLANDERS LEARN AMERICAN WAYS

Former Governor General Ide Says They Learn Rapidly

New York Women Frenzied With Grief Over Death of Babies Commits Suicide.

WHAT THE WIRES SAY.

Honolulu, Oct. 24.—Former Governor General Ide, of the Philippines, arrived today on the steamer Hong Kong Maru, en route to San Francisco. In an interview, General Ide said the Filipinos are rapidly learning American political methods in municipal affairs, and elect their own officers. He predicted within ten years they will be an integral part of the United States, and said the islands are more completely pacified than ever before.

Woman Suicides.

New York, Oct. 24.—Frenzied by the thought that she was responsible for the death of her twin babies, suffocated during the night while sleeping with her, Mrs. John McElroy is prostrated with grief. No blame is attached to the woman. It is supposed she drew the bed clothes over them, preventing them from breathing.

Freighter Goes Down.

New York, Oct. 24.—The freight steamer Easton burned to the water's edge and sank today on the Connecticut shore off Long Island sound, just before daylight. The steamer Puritan stood by the boat to take off the crew and saw that all men had left.

Safe Blower Caught.

Toledo, O., Oct. 24.—After a running fire in which thirty shots were fired, Patrolman O'leary succeeded in capturing one of the men alleged to have attempted to blow a safe at Tontogony this morning. The police were notified that the men were on the way to Toledo. The battle occurred in the outskirts of the city.

POPE IMPROVED

PONTIFF'S PHYSICIAN FINDS HIM MUCH BETTER.

And Will Permit an Audience With a Party of English Pilgrims Tomorrow.

Rome, Oct. 24.—Dr. Laponi this morning found Pope Pius improved. In view of his improvement the pope decided to receive the English pilgrims tomorrow.

YEARNS FOR CHICAGO; SUICIDE

Woman Kills Self in Texas as Letter of Relief Arrives.

Galveston, Tex., Oct. 24.—Mrs. H. B. Anderson, aged 32 years, recently from Chicago, committed suicide here today, because she was homesick and despondent over the fact that she could not return to the Illinois city. She made a rope from a sheet and hanged herself from a transom. While she was struggling in the death agony, the postman delivered a letter from her brother in Chicago, which he placed under the door. It was a cheering message from home, begging the woman to be happy and advising that the money and transportation for her to come to Chicago had been forwarded.

IMPROVEMENT BIDS TO BE OPENED TODAY

Board of Works Will Have A Busy Session.

The City Engineer Making Out Bitulithic Street Estimates for the Contractor.

THE SEWER WORK'S PROGRESS

The board of public works will this afternoon open bids for street improvement work. There are the following contracts to be let. Improvement of Clay from Seventeenth to Nineteenth streets; Twenty-second from Trimble to Mildred street and Twenty-third, from Trimble to Mildred streets. There will be several other matters to come before the board from the departments.

The city engineer and assistants are engaged in making out estimates for the bitulithic street and sidewalk improvement on Jefferson and Kentucky avenue and side streets just completed this summer. The concrete pavement work was done by Thomas Bridges and the street by the Southern Bitulithic company, necessitating the making out of two sets of estimates.

The work on the new sewerage district is progressing very rapidly, and Contractor Bridges, who has the work, is pushing it with great vigor. Work is now being done on West Kentucky avenue, starting at Ninth street, and excavations have been made for over two blocks and a good deal of pipe put down. The work is to be completed by March 1, 1907.

U. S. Steel Company Next.

Columbus, O., Oct. 23.—The United States Steel corporation, the biggest of all trusts, is likely to be the next selected for attack by Attorney General Wade Ellis. Having drawn blood from the Standard Oil company, he will turn his attention to the steel company.

FORMER ACTOR

ESSAYS A ROLE WHICH MAY GET HIM INTO TROUBLE.

Is Accused of Stealing Two Overcoats From the Marble Hall Saloon.

Charles Tremaine, a well-seasoned actor who seems to have seen better days; G. W. Wilson, proprietor of the Marble Hall saloon; Lyman Wilson, his son; Charles Grosshart, a river man; a pawnbroker and Eliza Evetts, colored, were the actors in one of the worst mixed up shows ever presented in police court this morning.

"It's a bad engagement I'm playing this time," the actor explained, "and I will appreciate it, Judge, if you will deal as leniently with me as you can," and there was more truth than poetry in Tremaine's admission.

Tremaine went to the Marble hall saloon Sunday to sleep, and was given a room next to Proprietor Wilson's room, over the saloon. Monday morning Tremaine left and the father and son's overcoats were missed. One Tremaine pawned and the second he gave to Charles Grosshart, who sold it to Eliza Evetts. Both Grosshart and the actor were charged with obtaining money under false pretenses, a felony.

Grosshart claimed Tremaine gave him the coat and Tremaine says he remembers nothing as he was drunk on "drug store whisky."

After hearing the evidence Judge Puryear reserved his decision. There are some points in contention, the defense alleging the act is simply petit larceny.

Robert Louis Stevenson's favorite recreation was playing the flute, in order, as he said, to tune up his ideas.

WITH JUDAS KISS

Texas Man Lures His Wife to Her Death.

Houston, Tex., Oct. 24.—At his home in Houston Heights, today, Daniel Van Valkenburgh, a wealthy real estate dealer past middle life, fatally shot his wife and then fired a bullet into his brain, inflicting a fatal wound.

He had separated from his wife two months ago and had filed a suit for divorce. Today he returned, after a protracted absence called his young son to the gate, kissed him and sent him to call his mother. When Mrs. Van Valkenburgh appeared in the doorway the husband fired two shots each of which produced fatal wounds. He then shot himself.

MEMORIAL

COMMITTEE HAS PREPARED THE PROGRAM FOR SERVICES.

Attorneys Barkley and Ross and Mr. L. L. Bebout to Speak.

The committee on program for the Red Men memorial services has arranged all but the musical features, this being left to Mrs. S. H. Winstead, organist at the Methodist church.

The speaker will be the Attorneys Alben Barkley and J. S. Ross. The former will speak on the purposes of the order and the latter will be an eulogistic address. Mr. L. L. Bebout will conduct the ceremonies.

The dead to be honored are Jacob Polz, Wade Short, Elihu Harris, William Winston and James F. Crow.

New National Bank.

Madisonville, Oct. 24.—Morton's bank, one of the oldest banking institutions in Southwestern Kentucky, has just recently applied for a charter to become a national bank, and this week the charter was received which now places this splendid banking concern under Uncle Sam's supervision.

This makes the first national bank in Hopkins county.

COLD WAVE

GETS SIDE-TRACKED ON THE WAY HERE, IT SEEMS.

Some People Are Pleased While Others Hoped for It.

The cold wave which the weather bureau predicted for this locality last night failed to arrive, fooling the forecaster. However, this is a favorite stunt of the elements. The coal men and retail merchants were hoping cooler weather would come, but many people are satisfied with the present Indian summer article. The predictions for tomorrow are fair and cooler, and probably showers and cooler tonight. Note, it is always "probable."

RED CHARGES PRISON TORTURE

Alexander Berkman Says Cruelty Causes Death and Insanity.

Pittsburg, Oct. 24.—Pittsburg anarchists heard an address tonight by Alexander Berkman, who served many years in Riverside penitentiary for shooting H. C. Frick, the multi-millionaire steel master, during the Homestead strike in 1892. Berkman attacked prison customs, especially the poor food and the cruelty to prisoners who broke the rules. He said that he had known cases where prisoners died after being chained by the wrists for days in a dungeon and had known other cases of insanity from similar treatment.

SOLITARY SURVIVOR

Of Party of Thirty-Three Men Who Went Adrift During Storm.

New York, Oct. 24.—The solitary survivor of thirty-three men adrift on the barge or houseboat Halfy, from Lower Matamoras Key, on the coast of Florida, during the terrific gale of October 18, was brought into this port today by the steamer El Paso. He is John Russell, of Salem, Taylor county, Fla., and he declared that he saw eight of the thirty-two others drowned, and believes that all of them went down when the barge foundered.

SURPRISES BURGLAR SHOOTS AT HIS LIGHT

Thomas Franklyn, Puts End To Sleep Disturbance.

Burglar at Window Flashes Lantern in His Face and Received Shot in Return.

THE TRANSGRESSOR ESCAPES.

After lying awake for an hour and a half trying to make up his mind if his slumber was being disturbed by the wind or a burglar trying to enter the house, Thomas Franklyn, residing at 1214 Jackson street, arose, secured his pistol and investigated. On reaching the window where he had heard the noises he threw up the blind. As he did so, a dark lantern was flashed into his face, and he shot one load from his revolver directly at the light. There was a scream, and the light disappeared, and the burglar escaped.

Franklyn works in the car department of the local Illinois Central shops. He retired early last night, and was disturbed by the window shaking. He imagined he heard steps about his side window and communicated with Dick Anderson, who resides in the other half of the tenement. Anderson had heard no noises and Franklyn retired again. He remained awake for an hour and a half and shortly after 12 o'clock the noises continuing, he decided on action with the above results.

"I do not think I missed the burglar," Franklyn declared. "He may, however, have cried out from fear or surprise at the suddenness of my attack. I failed to note if he was white or black as the light blinded me."

The shot awakened many neighbors and caused a great deal of excitement.

Tobacco Case Set.

Washington, Oct. 24.—The supreme court of the United States today set the hearing of the cases of the United States vs. Falk & Bro. of New York for Dec. 3 next. The question to be determined is whether imported tobacco is dutiable on the basis of its weight when it enters or when it is withdrawn from warehouses.

DISCIPLE OF FAGIN

STOLE NINE PAIRS TROUSERS AND OTHER APPAREL.

Is Ordered Back to the Reform School By City Judge Puryear Today.

Dennis Reed the 16-year-old negro boy arrested last week by Patrolmen Terrell and Brennan while wearing nine pairs of trousers, several shirts, two pairs of socks and with keys and other junk about his person, will be returned to the reform school. This was the decision of Police Judge E. H. Puryear today after the boy had been presented before him daily since arrest.

Reed is a hard customer. He was sent to the reform school from here for bicycle stealing, and claims that he was discharged on account of illness. He had never gone back, and Judge Puryear ordered Chief of Police James Collins to telegraph and see if there was room for him in the reform school. He was sent originally for a term expiring at his majority, leaving five years to serve yet.

A Knotty Problem.

Police Judge E. H. Puryear is wrestling with a knotty problem, and has twice continued deciding the matter because he cannot fully come to a conclusion just as to "who's who." Arthur Jones rented a bench on market and built a wooden casing about it. He got this permission from the board of public works. There is an ordinance saying no frame structures can be built within the fire limit, and Chief Wood swore out a warrant against Jones for its violation. It is now "up to" Judge Puryear to decide if the board of works, which has control of the market house, can give such permission.

Robert Browning could not sit still. With the constant shuffling of his feet holes were worn in the carpet.

H' QUALITY

TWO PRIME PRINCIPALS

Of HI-LO Baking Powder are quality and price. It is pure, and has wonderful leavening power and unvarying strength. One heaping teaspoonful perfectly leavens a quart of flour.

Superior to all in pastry and cake baking, yet equally good for biscuit, waffles, muffins, and griddle cakes.

Conforms with all pure food laws, State and National. Its honest price—a dime a pound—commends it as the "economy of the age." At your grocer's.

CONTINENTAL BAKING POWDER COMPANY
Nashville, Tenn.

MILLIONS OF GOLD COIN MAY BE LOST

Fear Felt For Treasure Ship In Heart of Storm.

Washington Continues to Get News of the Great Storm That Swept Gulf.

DETAILS ARE STILL LACKING

Washington, Oct. 24.—The federal government is still receiving reports from the storm-swept district which indicate that the loss of life and property has not been exaggerated. The most important news received today was of the fears felt for the safety of the treasure laden steamship Arabistan, which should have arrived at San Juan, Porto Rico, three days ago with \$3,000,000 in gold on board from the Argentine. She sailed from St. Lague on October 12 and must have been in the heart of the great hurricane which swept the Caribbean Sea. She was due at San Juan on October 19. No word has been received from her and the owners are said to be decidedly uneasy.

The Arabistan was in trouble a year ago. At that time her crew mutinied and the vessel was compelled to put into Buenos Ayres, where one of her officers died from wounds received in a fight with the mutineers. Several others had been badly hurt. Her present cargo of gold is assigned to European bankers and is mostly in the shape of bars of pure metal.

Lack of Details.

There is still a lack of details of loss of life in Florida, but it must have been large, according to a report received today from the government observer at Jupiter, which was in the storm-swept district. The report is as follows:

"The hurricane did no damage in this vicinity. From Miami south along the Keys, where hundreds of men are employed building the Florida East Coast Railroad to Key West, a large amount of property was exposed to the storm and the high seas did damage. The telegraph is not restored and details are unobtainable.

"Many lives are reported lost. Reports say that 80 laborers on one houseboat and 30 on one passenger steamboat are known to be lost. Many men were washed off the low keys or drifted to sea in houseboats. Two vessels, the British steamship Alton and the American steamship Captain A. F. Lucas have reported here having picked up houseboat crews at sea."

Reports from American officials in Cuba now place the number of lives lost in the recent storm at 40. There is no estimate as yet of the property losses. It will run into the millions. At Havana 40 freight lighters were sunk in the harbor, and the waters of the bay are filled with merchandise, which was loaded on small vessels and lighters. All of it will be lost.

Is the Moon Inhabited.

Science has proven that the moon has an atmosphere, which makes life in some form possible on that satellite; but not for human beings, who have a hard enough time on this earth of ours; especially those who don't know that Electric Bitters cure Headache, Biliousness, Malaria Chills and Fever, Jaundice, Dyspepsia, Dizziness, Torpid Liver, Kidney complaints, General Debility and Female weaknesses. Unequalled as a general Tonic and Appetizer for weak persons and especially for the aged. It induces sound sleep. Fully guaranteed by all druggists. Price only 50c.

Charges Against Southern.

Hearing of charges that the Southern railway discriminates in furnishing cars to coal mines in the Middleboro district was begun by two members of the interstate commerce commission at Knoxville, Tenn., yesterday. One witness told of the close relations between the Maingrue coal concerns and the railway, and gave testimony about the holding up of cars from other companies by the railway. It was established that some officials of the road formerly held stock in the Maingrue companies.

Cloverport Man to Take Bride.

Cloverport, Ky., Oct. 24.—The marriage of Miss Monie Bannan, of Eddyville, and Mr. Johnathan J. Sawyer, of Cloverport, will be solemnized today at the home of the bride's parents, Mr. and Mrs. E. G. Bannan. They will leave immediately after the ceremony for a wedding trip, and will be at home in this city in November.

Mrs. Austin's Pancakes, really superior to everything. Ask grocer.

WORKED HIMSELF INTO HIS GRAVE

One Employee of Government Earned His Pay.

Agitation for Better Waterways Is Meeting With Popular Support in West.

CHINESE CUSTOM WINKED AT.

Washington, Oct. 24.—In the passing of Evelyn S. Hall, former chief of the files and mail division of the postoffice department, is contained a moral that will appeal to those citizens who look on work with coldness if not with aversion. For 36 years Mr. Hall worked for the government without availing himself of his sick leave or taking a vacation, even for one day. This week he succumbed to overwork. He now lies at rest in Oak Hill cemetery. For years friends of Mr. Hall had tried in vain to induce him to take a vacation. Heads of the department (and they were many in the span of Mr. Hall's service) did all but order him to take a rest. To all entreaties and veiled commands he turned a deaf ear. Mr. Hall came of an office-holding family. His father was employed in the treasury department before the civil war. One brother, Edward, held a \$2500 position in the war department when eighteen years old, the youngest man who ever filed the place.

For Waterways.

Through the work of Congressman Joseph E. Ransdell, of Louisiana, and other western representatives, the question of greater appropriations for waterways improvement is creating much enthusiasm in the mid west. This enthusiasm will mean much for Kentucky and Tennessee, and, in fact, for the entire south, for with the development of the Ohio, Mississippi and Missouri rivers the commerce of all states that lie near those streams will be given a marvelous impetus. The announcement was made in the capital this week that Kansas City business men have perfected plans for a line of packets to run between that city and St. Louis, one vessel already having been received and two others being on the way. It is believed here that the Kansas City fleet is merely the forerunner of great river squadrons that will soon ply the waters of the big streams. Congressman Ransdell is pointing out that freight can be carried by water at one-sixth the cost by rail. He is urging the audience, be and his colleagues are addressing, to exert their influence toward having congress increase the present annual appropriation of less than \$19,000,000 for waterway improvements to \$50,000,000. There is reason to believe, according to students of affairs here, that congress cannot long withstand a combined pressure for this great national work, if it is exerted steadily and persistently from the middle west and south.

Mourns One Hundred Days.

Another evidence of China's gradual emancipation from the chains of ancient custom and superstition that have bound her so long, is found in the fact that Sir Chentung Liang-Chong, the Chinese minister, will resign his post in spite of the fact that his mother is dead. Chinese custom dictates that the period of mourning must be three years, but an imperial decree has just been received which permits Sir Liang-Chong to curtail the term to 100 days. For that period the minister will not be seen socially or diplomatically, and his work will be carried on by subordinates. Hitherto Chinese officials to this country who suffered losses of parents while in office, were compelled to resign and return home.

Mutiny in Navy.

Mutiny in the navy! Mutiny against the orders of the president, who is commander-in-chief! This is the state of affairs that is amusing all Washington. Evidence of direct disobedience of orders was found this week when the "proceedings of the Naval Institute," a quarterly published by officers in the United States navy, came from the government printing office. Through page after page investigators went, breathlessly, and everywhere were evidences that the "Roosevelt system" of spelling had been systematically ignored. Orders were issued to the printing office some time ago by President Roosevelt to make certain changes in a list of 500 words. The naval men balked at the reforms and in balking defied the commander-in-chief. Whether the mutineers are to swing at the end of a yard-arm, be reprimanded or be treated with cool silence, is unknown. The White House is holding its peace.

CANTAB A

AN ARROW

CLUPEO SHRIMP

QUARTER POUND, 10c each, 2 for 19c.

MADE IN U.S.A. BY J. W. BROWN & CO., NEW YORK, N.Y.

A TRAINED NURSE

After Years of Experience, Advises Women in Regard to Their Health.

Mrs. Martha Pohlman of 55 Chester Avenue, Newark, N. J., who is a graduate nurse from the Blockley Training School, at Philadelphia, and for six years Chief Clinic Nurse at the Philadelphia Hospital, writes the letter printed below. She has the advantage of personal experience, besides her professional education, and what she has to say may be absolutely relied upon.

Many other women are afflicted as she was. They can regain health in the same way. It is prudent to heed such advice from such a source.

Mrs. Pohlman writes: "I am finally persuaded, after eight years of experience with Lydia E. Pinkham's Vegetable Compound, that it is the safest and best medicine for any suffering woman to use."

"Immediately after my marriage I found that my health began to fail me. I became weak and pale, with severe bearing-down pains, fearful backaches and frequent dizzy spells. The doctors prescribed for me, yet I did not improve. I would most after eating, and frequently become nauseated. I had pains down through my limbs so I could hardly walk. It was as bad a case of female trouble as I have ever known. Lydia E. Pinkham's Vegetable Compound, however, cured me within four months. Since that time I have had occasion to recommend it to a number of patients suffering from all forms of female difficulties, and I find that while it is considered imprudent to recommend a patent medicine, I can honestly recommend Lydia E. Pinkham's Vegetable Compound, for I have found that it cures female ills, where all other medicine fails. It is a grand medicine for sick women."

Money cannot buy such testimony as this—merit alone can produce such results, and the ablest specialists now agree that Lydia E. Pinkham's Vegetable Compound is the most universally successful remedy for all female diseases known to medicine.

When women are troubled with irregular, suppressed or painful periods, weakness, displacement or ulceration of the female organs, that bearing-down feeling, inflammation, backache, bloating (or distention), general debility, indigestion, and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, "all-gone" and "want-to-be-left-alone" feelings, blues and hopelessness, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles. No other female medicine in the world has received such widespread and unqualified endorsement.

The needless suffering of women from diseases peculiar to their sex is terrible to see. The money which they pay to doctors who do not help them—is an enormous waste. The pain is cured and the money is saved by Lydia E. Pinkham's Vegetable Compound.

It is well for women who are ill to write Mrs. Pinkham, at Lynn, Mass. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, her assistant for many years before her decease, and for twenty-five years since her advice has been freely given to sick women. In her great experience, which covers many years, she has probably had to deal with dozens of cases just like yours. Her advice is strictly confidential.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

Piles Are Caused by Some Physics

Physics—usually pills, tablets and pills—cause piles more often than any other one cause. Such remedies produce gripping, which is the direct cause of piles.

A proper physic will not cause gripping, but will produce an easy and satisfying bowel action.

Dr. Caldwell's Syrup Pepsin

Instead of weakening the intestinal organs, as nearly all other physics do, gives them such strength that they are able to voluntarily perform their functions. In cases of constipation, indigestion, dyspepsia, weak stomach, and all other bowel and stomach disorders, Dr. Caldwell's Syrup Pepsin gives immediate and permanent relief.

All druggists sell Dr. Caldwell's Syrup Pepsin at 50 cents and \$1.00 a bottle. Free sample bottle will be sent upon request to those who have never tried it.

Your money back if it doesn't benefit you.

A VERY GREAT MAN IS HEARST

Has Done Everything Except
Create The Universe.

The New York Campaign Is Now a
Veritable Whirlwind of Ex-
citement.

LABOR VOTE IS GOING WRONG.

New York, Oct. 24.—The speech made by Hearst last night was short and concise. He claimed the earth. He has done everything that has been done since he started his first New York newspaper, and what he said was straight from the shoulder and has enough of the appearance of truth to make it effective.

The recent conviction of the New York Central in the sugar rebate cases and the indictment today of James Gordon Bennett and other officials of the New York Herald for publishing indecent advertisements apparently clinched his extravagant claims, one of which was that it was he who forced the Republican party to pass the new railroad rate law in congress.

The average voter in Madison Square Garden had but a vague idea what the rate law was, but, Hearst said he did it, and that was conclusive to their minds. So when he leaned over the speaker's stand and added: "And, my friends, I did these things for the public good, and for the public good alone," they seemed to believe him implicitly and would not let him complete his declaration that "the best guarantee of my sincerity is the powerful enemies I have made."

Republicans Alive to Situation.

This beginning of Hearst's final spurt in the campaign shows the tremendous pressure being put into the fight. It has aroused the Republicans to the danger of the situation. While Hearst will bend his energies for a few days countering the unfavorable trend in Manhattan the Republicans will center their energies out of town. For this reason Charles E. Hughes started on his final swing in the up-state counties today.

Labor Situation Goes Wrong.

The labor situation all went wrong while Hearst was away and the alleged champion of the working classes was put in the attitude of having to defend himself against the condemnation of the Central Federation union. There was a long fight in the meeting of the Central Labor body of Manhattan and after hours of conflict in which charges of bribery were freely made, all the leaders of the Independence league got was a resolution stating that New York labor men had not repudiated him at a former meeting. There was no affirmative action, no out-and-out endorsement of Hearst.

The alphabets of the various languages of the world vary from 12 to 202 letters. That of the Hawaiian language has only 12 letters, while that of the Tartars is at the other end of the list.

DR. J. B. HARRIS' Dandelion Tablets and Pills cure all diseases of the Liver, Kidneys, Stomach and Bowels. Scientific Chemical Co. Gentlemen—I have used your Dandelion Tablets and Pills myself and in my family, with very gratifying results, and have the evidence of others who have used them, and all praise them. They should be in every family. For I believe they are all you claim for them. As a superior Cathartic, and for Kidney and Liver diseases, also Diabetes, I know of nothing better. HOME ENDORSEMENT.

Hundreds of Paducah Citizens Can
Tell You All About It.

Home endorsement, the public expression of Paducah people, should be evidence beyond dispute for every Paducah reader. Surely the experience of friends and neighbors, cheerfully given by them, will carry more weight than the utterances of strangers residing in far-away places. Read the following:

T. W. Woodson, of 40 South Ninth street, painter, employed with C. D. Warren, 408 1-2 Broadway, Paducah, says: "Every painter is more or less troubled with his kidneys on account of the nature of his work. We all know what causes it, but how to remove it is a mystery. I tried lots of medicine and different schemes, but until I procured Doan's Kidney Pills at DuBois, Koib & Co's drug store and took them I met with very indifferent success. They cured the trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

HEADQUARTERS IN HANDS OF ENEMY

Anti-Hearst Men Campaigning
Against Nominee.

One of the Most Interesting Phases
of an Extraordinary State
Campaign.

AN ATTEMPT AT EXPLANATION.

Albany, N. Y., Oct. 24.—Investigation today of the reported "seizure" of the permanent headquarters of the Democratic state committee in this city by Democrats opposed to the candidacy and election for governor of William Randolph Hearst developed one of the most interesting phases of the present extraordinary state campaign. The main facts learned today are that the rent of the present state headquarters, at No. 44 State street, has been paid since July, and in advance until next May by ex-Mayor Thomas M. Osborne, of Auburn, who has from the outset been one of the most earnest opponents of Mr. Hearst's candidacy, that yesterday afternoon State Committeeman Pat E. McCabe and the Democratic county committee officers moved their effects to the county committee room, in another building, and then hurried to New York to report the situation to Mr. Hearst and State Chairman Connors, and that this morning a large force of stenographers is at work in the state secret headquarters in a campaign declared by those directing it to be "for the best interests of the Democratic party."

This work, it is alleged, is being done practically under the direction of Mayor Osborne and other Democrats whose opposition to Mr. Hearst has been constantly avowed. Mr. Osborne was the moving spirit in the so-called "Albany conference" held here September 5, by Democrats desirous of preventing Mr. Hearst's nomination and at the Democratic state-convention at Buffalo were active in the same cause.

Osborne Explains.

Auburn, N. Y., Oct. 24.—In reference to a dispatch from New York relative to the alleged seizure of the Democratic headquarters at Albany, Thomas H. Osborne gave out the following statement today:

"The present headquarters were established several years ago by Senator Hill and have been maintained by individual contributions, my own among others. As the present Democratic state committee was making use of them, and believing that they could be made an available adjunct of the regular Democratic organization, I have paid the rent and secured a further lease of the rooms. There was no 'seizure,' and there is no necessity for anyone to get excited over the matter. Everyone who has a right or title to any of the property there can get it without any trouble; and the headquarters will continue to be used for furthering the best interests of the Democratic party."

WOMAN

"Woman" is the name of a new magazine for women. The first number is just issued. Your newsdealer has it. You can get it from him, and it is worth your while getting it. There is nothing startling about this magazine. There should be nothing startling about a decent magazine for women and the home. But this particular magazine is unique among all the so-called publications for women. You might not like it a little bit, and then, again, it might hit your fancy good and hard.

If you like fiction—good, wide-awake, snappy stories—both serials and short stories—you will like "Woman." In fact, fiction is the big feature of the magazine.

All the other magazines for women are cast on the same model—a little bit of fiction, a few articles, more or less chit chat, some wise advice, a fashion department and a smattering of general miscellany. "WOMAN" doesn't look any more like this conventional model than a yellow dog looks like a race horse. It is built on new lines for a strictly woman's publication. To know what it is like you will have to get a copy of it. It would cost too much to tell you all about it in this advertisement.

The price of "WOMAN" is TEN CENTS A COPY, and the magazine is a very big one—192 pages.

By the way, two rattling good serial stories begin in this first number and it contains a big lot of other good things. You would do well to ask your dealer for it before his supply is exhausted.

THE FRANK A. MUNSEY COMPANY, New York.

Have You Property to Rent? Place It With

H. C. HOLLINS

Rental Department Trueheart Building

Don't worry. Let us do it. It's our specialty. Many a meek and long suffering landlord grows weary of his job because he is required to listen to so many complaints, has to meet so many demands and is so often put off with "a good excuse" and finally loses his rent. He submits to the impositions of his tenant because he has no other tenant and he knows the premises may lay idle for a month or two. Just at this point it should occur to him that an agent whose advertisement is constantly before the public could furnish a tenant in a short time. The real estate office is the market place for those who are in search of homes. Desirable tenants are most easily secured through this medium, and hundreds of dollars are annually saved to the landlord.

We are fully equipped with the necessary facilities for doing a real estate and rental business, and those who are in real estate market will find it profitable to watch our advertisements from time to time. We give detailed description of every piece of property for which we have the exclusive agency.

PROFIT IN PARKS.

Many people, all casual thinkers
on the subject, regard a park sys-
tem as an expense without any re-
sulting benefit that can be measured
in dollars and cents. Most broad-
minded people, we assume, regard
parks as municipal necessities, and
are willing to accept the better
health of the community, the pleas-
ure of the children, and the favora-
ble impression made on strangers, as
actual profits on the investment. But
in Louisville, where millions have
been expended on the construction
of a park and boulevard system, that
compares favorably with any in the
country, the park commissioners and
city assessor, a man whose duties do
not tend to the development of the
esthetic sense, put an actual mon-
etary value on the acquisition of
parks and have computed the in-
creased value of city property by
reason of its proximity to city parks
at \$20,000,000, bringing in to the
city treasury an annual return of
\$372,000.

This is set forth in the report of
the board of park commissioners to
Mayor Barth in the following lan-
guage:

Former City Assessor D. F.
Murphy has repeatedly made the
statement, that, estimating the
increased value of property
by careful watchfulness from
year to year, the amount of in-
creased taxable value resulting
from this branch of your city
government has not been less
than \$20,000,000. Based upon
your present annual assessment
of \$1.56 the annual income as a
result of development through
your park system is \$372,000
and going back only ten years
(not fifteen years) you have re-
alized a total income of \$3,720,-
000 from your park system. You
will observe the total outlay for
parks to the 1st inst., has been
\$2,000,000. In other words, you
have realized a net profit
over all expenditures of more
than \$1,600,000.

Then the report takes up the ne-
cessity of play grounds thus:
There will never be a time

when now and then obtention of
certain properties contiguous to
parks already established will
not become a duty, and we need
hardly reiterate to you the abso-
lute obligation to the public to
buy as many as twenty interior
squares or recreation grounds,
so that the children in the vicin-
ity may have some place as a
resort and playground, independ-
ent of streets and alleys.

This is of especial interest to Pa-
ducah citizens, because they are to
vote on the question of issuing \$100,-
000 in bonds for the construction of
a park system. Only, there is al-
ways this fact to be borne in mind:
Paducah has an annual park appro-
priation fixed by the state and only
to be amended by act of the legisla-
ture. It applies to second class cit-
ies and will not be reduced, because
the other cities already have parks
to maintain and they will not per-
mit any change. The proposal of the
board of park commissioners of Pa-
ducah is to expend this money in
two or three years, start all the parks
in the six wards at once thus receiv-
ing the earliest possible advantage
of the system, acquiring the land at
a minimum cost, and saving thou-
sands of dollars in expenses; at the
same time maintaining a sinking
fund, out of which to meet the prin-
cipal and interest of the bonds as
they accrue.

The park commissioners in plan-
ning this project have considered the
very point brought out by Assessor
Murphy. They intend to transform
waste places and the worst tenement
districts into parks, redeeming the
eyes of the city, and increas-
ing the value of surrounding
property, from which the city de-
rives its revenue.

Thus, Paducah will reap all the
material advantages and rewards of
which the Louisville authorities
speak, without actually making an
outlay beyond that established by
the state legislature.

Hand in hand with Providence
walks the farmer, smiling when sun
and rain warm the moist earth into
productivity, looking the personifica-
tion of nature when the season is
backward. Modern mechanical gen-
ius has raised a new order whose
prosperity is linked with Providence
—the stock market trader. He has
long distance connection with Ceres,
Jupiter Pluvius and the department
of the interior. We talk of the far-
mer being close to nature, but if
persistence is to be rewarded the
stock trader should be next to na-
ture; but he never is. It is the cus-
tomary thing for speakers at farm-
ers' institutes to dwell on the farm-
er's dependence on the elements and
speak of how nature may smile on
him and make him rich, or frown
and destroy his wealth. But to hurt
the farmer nature must indeed
spurn his attentions. She can but
act the coquette and ruin the trader.
A premature frost, a bit of
snow, rumors of insect activity and
the market is upset, and financial
ruin, and suicide marks the day on
Wall street. The farmer has his
land left and can try it again next
year. The trader is the real sport of
Providence.

If Mayor Barth, of Louisville, can
not enforce the law in that city, he
should resign in favor of someone
who can; for the law can be enforced
and gamblers and bad women
driven out of any city in the union.
If he is merely shamming to embar-
rass Governor Beckham, he should
be impeached. At all events, Mayor
Barth has proven himself to be a
very pusillanimous person.

Somebody dropped a \$5 bill on
the floor of a department store in
Louisville Saturday during a bar-
gain rush and precipitated a panic
that resulted in a half dozen casual-
ties. Yesterday two women were
overcome in a bargain rush in Cairo.
It is time for some one to call for
revision of the rules, eliminating the
mass play.

Dr. Mitchell, chief surgeon for the
Rock Island system, avers that the
war on railroads is a symptom of
nervous disease. He is right, but he is
a trifle ambiguous in defining whose
nerve is responsible for the symp-
tom.

Dr. Wiley, chemist for the inter-
ior departments, who is experiment-
ing for the benefit of pure food leg-
islation, desires a kindergarten
class in alcoholism. It seems the doc-
tor has been over run by applicants
for a post graduate course.

Past performance is the best guar-
anty of future service. This is the
claim of the Republican candidates
for seats in the general council.

Now that the people of New York
are thoroughly frightened by the
Hearst apparition, all danger of his
election seems over.

Marriage Licenses Issued.

ALL BE GRATEFUL SAYS ROOSEVELT

No Country Has Ever Equalled
Our Present Prosperity.

And We Should Have a Sober
Sense of Our Bless-
ings.

PRESIDENT'S PROCLAMATION

Washington, Oct. 24.—The text of
the president's Thanksgiving procla-
mation, issued today, is as follows:
A Proclamation.

"The time of year has come when,
in accordance with the wise custom
of our forefathers, it becomes my
duty to set aside a special day of
thanksgiving and prayer to the Al-
mighty, because of the blessings we
have received and of prayer that
these blessings may be continued.
Yet another year of widespread well-
being has passed. Never before in
our history or in the history of any
other nation has a people enjoyed
more abundant material prosperity
than is ours; a prosperity so great
that it should arouse in us no spirit
of heedless disregard of our respon-
sibilities; but rather a sober sense
of our blessings and a resolute pur-
pose, under Providence, not to for-
feit them by any action of our own.

"Material well being, indispensa-
ble though it is, can never be any-
thing but the foundation of true na-
tional greatness and happiness. If
we build nothing on this foundation,
then our national life will be mean-
ingless and empty as a house where
only the foundation has been laid.
On our material well being must be
built a superstructure of individual
and national life, lived in accordance
with the laws of the highest moral-
ity, or else our prosperity itself will
in the long run turn out a curse in-
stead of a blessing. We should be
both fervently thankful for what
we have received and earnestly bent
on turning it into a means of grace
and not of destruction.

"Accordingly, I hereby set apart
Thursday, the 29th day of November,
as a day of thanksgiving and suppli-
cation, on which the people shall
meet in their homes or their church-
es, devoutly acknowledge all that
has been given them and to pray
that they may in addition receive the
power to use these gifts aright.

"In witness whereof, I have here-
unto set my hand and caused the
seal of the United States to be af-
fixed.

"Done at the city of Washington,
this 22d day of October, in the year
of Our Lord, one thousand nine
hundred and six, and of the inde-
pendence of the United States the
one hundred and thirty-first.

(Seal.)
"THEODORE ROOSEVELT.
By the President:

"ELIHU ROOT, Secretary of State."

WARM COACHES

ILLINOIS CENTRAL ARRANGED
TO HEAT ITS CARS.

The Heating Plant Being Installed at
Union Station Utilized for
Purpose.

When the new steam heating sys-
tem being installed at the union pas-
senger station is completed the pub-
lic no longer will enter uncomfort-
able cold coaches on the local trains,
when a local train is made up at
the station the cars are not coupled up
to the engine until fifteen or twenty
minutes before train time, and in
that time it is not possible for the
engine to heat the cars.

Pipes have been run out of the
station to the tracks and when the
coaches are left on the track they
can be connected with this pipe and
heated, so that the public will enter
comfortable coaches in the cold
weather.

AUTRESS IS ROBBED OF \$280,000

Anna Held's Jewels Gone, and She
Says It's No Press Agent Tale.

Cleveland, Oct. 24.—Anna Held
reported to the police today that she
had been robbed of \$280,000 in jew-
els while on a train entering Cleve-
land. The police declare the robbery
is not of the press agent variety, and
they are bedding every effort to re-
cover the valuables. The jewels were
contained in a small valise which
Miss Held had with her in the state-
room on the train. A stranger was
seen near the state-room door just
before the train arrived at the sta-
tion. When Miss Held went to get
the valise it was gone.

CHICAGO MEN

WILL VISIT PADUCAH SOMETIME
IN THE NEAR FUTURE.

To Come as the Guests of the Com-
mercial Club to Frater-
nalize.

At Monday night's meeting of the
Commercial club a proposition was
considered to prepare for a visit
from a substantial number of rep-
resentative business men from the
Chicago Commercial association.
This suggestion came from the Chi-
cago people some time ago. The di-
rectors of the Commercial club realiz-
ing the importance and value of
having these representative commer-
cial citizens of Chicago pay Paducah
a visit decided at Monday night's
meeting to carry out the plan, and
with this object in view, the fol-
lowing committee of arrangements
was appointed by President Fried-
man: Mr. Ben Welle, Mr. F. L.
Scott, Mr. Harry Rhodes, Mr. J. A.
Rudy, Mr. Charles K. Wheeler, Mr.
Earl Palmer and Mr. D. W. Coons.
It is not the intention to have these
business men come to Paducah until
early spring, when conditions will be
most favorable.

The Chicago Commercial associa-
tion is probably the most energetic
and wide-awake body of business
men in the world. A great many
millions of capital is represented
and owned by various members of
this association. Paducah needs capi-
tal; Paducah needs to let the out-
side world know what we have here
to attract capital, and it is expected
that the proposed visit will open
the eyes of the Chicago capitalists
with the importance of our rapidly
growing and hustling little city, in a
way that will be of substantial ben-
efit, to not only the city of Paducah,
but also to the visitors from the
Windy city.

For Equitable Taxation.

At the Monday night meeting an
important communication was receiv-
ed from Mr. William A. Robinson of
Louisville Ky., in regard to Taxa-
tion. Mr. Robinson having given this
subject great thought and study is
an expert on the question and has
been working some years to bring
about improvements in the methods
of taxation in Kentucky. The direc-
tors of the Commercial club desiring
to show their appreciation of his
work President Friedman appointed a
special committee composed of W.
P. Hummel, W. F. Bradshaw, Jr.,
Sol Dryfus, to draft suitable resolu-
tions, and take the matter up with
the press throughout the state for
the purpose of creating sentiment in
favor of modified and improved
laws on taxation.

CONTRACTOR ENDS HIS LIFE.

Aurora, Ill., Oct. 24.—John F. Ben-
nett, a contractor, committed suicide
today by shooting. Despondency
due to financial troubles is ascribed
as the cause. A surety company re-
cently withdrew from his bond as
administrator of his wife's estate.
Last week he was cited to appear be-
fore the probate court, but failed to
obey the summons.

Mother, try the New Store
K. & E. Boys'
Blouses

Today we are bring-
ing to your attention the
K. & E. Blouse for boys,
the most perfectly fitting
blouse we were able to
find.

It is not to be con-
founded with the ordi-
nary, poorly made gar-
ment which is usually
sold for the price we are
asking. Cuffs are at-
tached, though you may
have the collars either
plain or plaited front,
just as you prefer. The
fabrics are either plain
white or colored.

50c to \$1.50

REMARKABLE DEMAND FOR COOPER MEDICINES

The Phenomenal sale of L. T. Cooper's new preparations proves the many reports
of their marvelous curative properties.

MR. H. JORDAN.

The demand for Cooper's New Discovery and Quick
Relief, which have effected such remarkable cures of
stomach trouble, rheumatism, deafness and catarrh,
has become enormous. Newspapers in every city have
commented upon the curative powers and on the un-
precedented demand of these remedies. Thousands of
letters come every day to Mr. Cooper describing some
of the most remarkable recoveries from the ravages of
disease that have been brought to the attention of the
public in recent years. A most remarkable letter was
recently received from Mr. H. Jordan, a well known
restaurant proprietor of Scranton, who writes Mr.
Cooper as follows:

"I have suffered for the past three years with a severe case of
stomach trouble. I could eat next to nothing and suffered untold
agonies from indigestion. My food would sour after eating and I
would have sick headaches and dizzy spells. I lost forty pounds
in weight and grew weak and nervous. I doctored with many dif-
ferent physicians and tried a number of so-called remedies, but re-
ceived no relief. Reading of the remarkable cures of stomach
trouble effected by Cooper's New Medicines, I decided to give them
a trial. I secured a bottle of the New Discovery and received al-
most immediate relief. My appetite has returned and I do not ex-
perience any difficulty in digesting anything I eat. All pain and
nervousness have disappeared and I am rapidly gaining in strength
and weight. I desire to thank you for the good these remarkable
remedies have done for me." Signed:
MR. HENRY JORDAN, 125 Penn Ave., Scranton, Pa.

Nearly all diseases originate in the stomach. Cooper's
New Discovery acts directly on the stomach and diges-
tive organs. It increases the gastric juices, which are
an all-important factor in the proper digestion of food.
Cooper's New Discovery and Cooper's Quick Relief are
the preparations with which L. T. Cooper effected his re-
markable cures in St. Louis, New Orleans and other
large cities, and results have amply proven that they can
be used in the home with as much success as though ad-
ministered personally by Mr. Cooper or his physicians.

Cooper's New Discovery costs \$1.00 per bottle; six for
\$5.00. Cooper's Quick Relief costs 50c. You can get
them of

W. B. McPHERSON

COURT'S GRIND

OSCAR HOFFMAN, LINEN THIEF,
HELD OVER.

A Jersey Cow Among the Offenders
That Occupy the Session This
Morning.

Oscar Hoffman, colored who tried
to steal all of the linen of the St.
Nicholas hotel annex sleeping apart-
ments, was held over this morning by
Police Judge E. H. Puryear.

Hoffman, Monday night went into
the annex, which is located over the
adjoining saloon and began to bun-
dle up bed clothes. One roomer
found his bed cleaned of everything
except the mattress and springs. Four
rooms were stripped by Hoffman who
dropped the bundle out of a window,
went down through the hotel and
slipped out the back way.

Hoffman's wife did not like the idea
of receiving stolen property and
"turned" her husband up.
One red Jersey cow was charged
with a breach of ordinance—roam-
ing the streets without a herder. A
fine of \$5 and costs was assessed, but
the owner has not been found.

Bud Elrod who tried to drive on
the pavement at the New Richmond
hotel and succeeded in knocking
down a veranda post, was fined \$25
and costs. He remembered nothing
about it, but several witnesses, in-
cluding Policeman Lige Crona, did.

Other cases: Jessie Landrum, col-
ored, disorderly conduct, left open;
Sam Backer, colored, breach of the
peace, \$25 and costs.

YOU DON'T HAVE TO WAIT!
Every dose makes you feel better. Lax-Fos
keeps your whole insides right. Sold on the
money-back plan everywhere. Price 50c a min.

The Rigors of Cold Weather.

Probably at no time of the year
does the physical condition of the
body demand more attention than
just at this season, the beginning of
cold weather.

Let the system be run down, or the
blood impoverished to any extent and
the cold weather goes hard with you.

Naturally the thing to do is to
get the circulation in good order, and
the whole system toned up to stand
the rigors of winter.

Some physicians prescribe the daily
cold bath, others seek recourse in
blood tonics and other stimulants,
but probably the most rational treat-
ment of all is the Osteopathic, as
Osteopathy more quickly, and more
effectively rights the blood flow and
restores normal conditions than any
other known treatment.

Osteopathy is only a natural
treatment, a method of bloodless sur-
gical manipulations to remove any
obstructions interfering with the pro-
per transference of nerve force, or
natural blood flow, or the other flu-
ids, to the organ or part involved.

I should like to have you call and
let me tell of some Paducah people
whom you know well, that Osteopa-
thy has done much for, and also to
tell you what it will do in your par-
ticular case.

My office hours are from 9 to 12
and 2 to 5, 516 Broadway. Phone
1407.
DR. G. B. FROAGE.

People and Pleasant Events

Parties sending in accounts of social entertainments will please sign them, as The Sun will not publish communications sent in that are not signed.

Surprise Party.

Mr. Bob Parish, of Arcadia, the well-known timber dealer, was surprised last evening on arriving at home to find a score of friends waiting for him at a table heaped high with good things to eat. It was his thirty-eighth birthday, and in the rush of business he had forgotten the event. His wife and friends had not, however, and arranged the party.

Those in attendance were Messrs. Henry Schmaus, Will Schmaus, Emmet Morris, John Dismukes, Sydney Dismukes, Luther Carson, Sam Brown and wife, Helen Putrell and wife, Robert Williamson and wife, Claude Parish and wife and Misses Lizzie Haas and Tillie Lovelace.

After the supper a program of music was rendered.

Marriage at Palmer House.

Miss Lizzie Thompson and Mr. E. M. Wallace both of Kevil, Ky., were married this morning in the parlors of the Palmer House by the Rev. J. W. Blackard, D. D., presiding elder of the Methodist churches of the Paducah district. They are prominent young people of Kevil and after the ceremony returned to that place where they will make their home.

Nuptial Mass at St. Francis De Sales.
The marriage of Miss Theresa Elizabeth Willett and Mr. James Patrick Boyle will be solemnized tomorrow morning at 8 o'clock at the St. Francis de Sales Catholic church with solemn nuptial mass. The Rev. Father H. W. Hansen will officiate. There will be no attendants.

Five Hundred Club.
Mrs. Thomas C. Leach is hostess of the Five Hundred club this afternoon at her home on Fountain avenue.

Miss Mary Brezindine, of Russellville, will arrive this evening to visit Mrs. Lula Wade Lewis, of Washington street.

Mr. John C. Gates, of Princeton, claim agent for the I. C., is in the city today.

Mrs. A. Watts, of 1129 North Fourteenth, who has been sick so long, is no better and is in a dangerous condition.

Captain James Lemon, of Mayfield, passed through the city last night en route home after attending the Beckham speaking at Benton.

Attorney Cecil Reed went to Gilbertville this morning on business connected with the John Ballinger bankruptcy matter.

Mr. Bob Parish went to Gilbertville this morning to superintend the loading of timber on cars.

Mr. Thomas Watson, night ticket agent-operator for the local Illinois Central, will leave tomorrow for his home in Hopkinsville to visit. His position will be filled by Mr. S. W. James, the day operator, who is now on his vacation.

Mrs. T. M. Powell, of Princeton, returned home this morning after a visit to her son, Dr. G. F. Powell, the dentist.

Mrs. C. W. E'dred returned to Princeton this morning after a day of shopping in Paducah.

Mr. John Rock went to Evansville this morning to bring back his niece, Miss Lorena Beyer, who was taken ill there while visiting.

Master Mechanic R. J. Turnbull, of the local Illinois Central, went to Louisville today on business.

Mr. W. A. Carter, coach inspector for the local Illinois Central, was in St. Louis yesterday. His position was filled by Mr. Frank Budde.

Mr. James Hodge, of Henderson, was in the city today.

Mr. and Mrs. L. C. Hibbs and Mr. and Mrs. C. H. Webb, of Smithland, are visiting in the city today.

C. J. Rohwitz, of the Burlington route, was in the city today and visited the city ticket office of the N. C. & St. L. railroad.

Capt. J. W. Bush, of Smithland, who has been seriously sick, is able to be out.

Mr. W. R. Hendrick has returned from a trip to Louisville.

Mr. and Mrs. Jess Farrows, of Salem, Ky., are visiting in the city today.

Miss Julia Scott left this afternoon for Dyersburg, Tenn., to visit.

Mrs. P. E. Stutz, of Paducah, Ky., is the guest of Miss Jennie Anderson. She is here to attend the Hunt-Hill wedding tonight—Commercial Appeal.

Miss Kathleen Flowers, of Columbia, Ky., is visiting Mr. and Mrs. Will Pippin, of 1202 South Thirtieth street.

Dr. B. T. Hall is out after a week's confinement by a swollen leg. He was struck by a wagon two

weeks ago and his leg bruised. The leaders have drawn and he is not able to walk without a cane.

Mr. and Mrs. William Pippin, of South Thirtieth street, have returned after a visit to Woodville.

Miss Annie May Yeiser will tomorrow go to Owensboro to visit.

Mr. Eddie Epstein, of Louisville, is in the city on business.

Dr. Vernon Blythe has returned from a business trip to Memphis and Little Rock, Ark.

Mrs. Mike Williams left today to visit in McLeansboro, Ill.

H. A. Cunningham, representing the American Benevolent association of St. Louis, is in the city considering the advisability of opening headquarters for this state in Paducah.

Mr. and Mrs. C. C. Grassham and child have returned from a visit in Chicago.

E. D. Thurman to G. H. Russell, property in the Thurman addition, \$150.

E. D. Thurman to J. W. and T. W. Cartee, property in the Thurman addition, \$20.

J. M. Spore to Charlotte Forshee, property in the Gilson, Rock and Tully addition, \$200.

J. T. Donovan and wife to H. M. Welkel, property at Second and Monroe streets, \$175.

Cecil Reed, master commissioner, to William F. Hoerber, property in the Trimble addition, \$2,525.

Miss Sophia Backer, of South Ninth street, has returned home after a three weeks' visit to relatives in New Madrid, Mo., and Cairo, Ill.

HARRIMAN COMING

BIG RAILROAD MAGNATE WITH INSPECTION PARTY.

General Manager Rawns and W. J. Harahan Are Members of the Party Due Monday.

The annual inspection of the entire Illinois Central system began Monday and the party, including General Manager Rawns and most of the big officers of the company, will reach Paducah next Monday. In this tour the annual prize of \$25 will be awarded to the section foreman who has the best track. It is understood that besides General Manager Rawns, E. H. Harriman will make the inspection of the system to the Ohio river. W. J. Harahan will also be in the party.

At Restaurant.
Wife (severely to husband)—My dear, you have had enough wine now.
Husband—You're right, my dear, always right. Here waiter, bring me some whisky!—Translated for Tales from Fliegende Blätter.

Quick Repartee.
Miss Eliza—You are certainly polite, baron. You pass me and never look at me!
Baron—Ah, mademoiselle, if I had looked at you I never could have passed by.—Translated for Transatlantic Tales from "Fliegende Blätter."

IN THE COURTS

Circuit Court.
The jury in the case of Ed Alexander, administrator of Elsie Alexander, against the Paducah City railway, returned a verdict for \$750 damages this afternoon at 2:15 o'clock after being out with the case since yesterday afternoon late. Alexander sued for \$10,000 damages. His child was killed by a street car.

W. A. Berry, the attorney, was fined \$5 and costs for being late at court this afternoon.

The case of L. Baum Jewelry Co. against J. D. Sowers was dismissed without prejudice.

At press time the case of E. B. Osborne against T. J. Moore for alleged false arrest \$10,000 damages, was on trial. He was arrested by the detective for being a fugitive from justice from McKenzie, Tenn. The Tennessee officers would not come for him and he was released.

Suits Filed.
Z. C. Graham filed a suit in circuit court against Albie Grimes and others for the sale of land for the division of the proceeds among the several owners. The land cannot be divided without materially damaging its value.

John Rock was excused as a petit juror, and L. Barry substituted.

A judgment for sale of property to satisfy a debt was filed in the case of Gip Husbands against Samuel E. Holland.

The case of M. Livingston & Co. against McLean-Sims Co. and others was continued.

The case of Charles Hurley against J. M. Spitzer was continued.

In the case of H. H. Hullin against B. F. Sears and Ed Guthrie, a judgment for \$23 was filed against Sears, and dismissed as to Guthrie. The parties in the suit by agreement waived trial by jury.

The police have been cautioned to keep a close lookout for two men suspected of having stolen beef hides from a slaughter house in Golconda. The men are supposed to have escaped on a houseboat. More than a dozen hides were taken.

A white man entered the Schulte saloon at Seventh and Jackson streets last night and after a few words struck a negro in the head with a hatchet. Both were strangers and left the saloon before the police arrived.

Harrison Ogilvie, colored, was fined \$1 and costs in Justice Charles Emery's court this afternoon for a breach of the peace. He went to jail, being unable to pay the fine.

Mrs. Austin's Pancakes, really superior to everything. Ask grocer.

Woman's tears have more effect on a man than her words.

"From One Generation to Another," Etc.

Copyright, 1894, by Harper & Brothers

"No," he said, "I can't see that it is out of the question. On the contrary, for two months—piloted with marvelous instinct by Durnovo—Meredith made one or two changes in the organization. The caravan naturally moved slowly, owing to the enormous amount of baggage to be carried, and this delay seemed to irritate Victor Durnovo to such an extent that at last it was obvious that the man would go mad unless this frightful tension could be relieved.

An advance column, commanded by Meredith and Durnovo, was selected to push on to the plateau, while Oscar and Joseph followed more leisurely with the baggage and the slower travelers.

Victor Durnovo would never know rest now until he reached the spot where the simiacine should be. If the

"Yes," he cried, "it's simiacine!" trees were there, growing, as he said, in solitary state and order, strangely suggestive of human handiwork, then Victor Durnovo was saved. If no such spot was found, madness and death could only follow.

To save his companion's reason Meredith more than once dragged his food, but when the land began to rise beneath their feet in slight billowlike inequalities—the deposit of the glacial age—Durnovo refused to stop for the preparation of food. Eating dry biscuits and stringy tinned meat as they went along, the four men—three black and one white—followed in the footsteps of their mad pilot.

"We're getting to the mountains, we're getting to the mountains! We shall be there tonight! Think of that, Meredith—tonight!" he kept repeating with a sickening monotony. And all the while he stumbled on. The perspiration ran down his face in one continuous stream; at times he paused to wipe it from his eyes with the back of his hands, and as these were torn and bleeding, there were smears of blood across his cheeks.

The night fell. The moon rose, red and glorious, and the beasts of this untrodden forest paused in their search for food to watch with wondering, fearless eyes that strange, unknown animal-man.

It was Durnovo who, climbing wildly, first saw the break in the trees ahead. He gave a muffled cry of delight, and in a few minutes they were all rushing, like men possessed, up a bare slope of broken shale.

Durnovo reached the summit first. A faint pleasant odor was wafted into their faces. They stood on the edge of a vast tableland melting away in the yellow moonlight. Studded all over, like sheep in a meadow, were a number of little bushes and no other vegetation.

Victor Durnovo stooped over one of these. He buried his face among the leaves of it, and suddenly he toppled over.

"Yes," he cried as he fell; "it's simiacine!"

And he turned over, with a groan of satisfaction, and lay like a dead man.

CHAPTER XIV.

ONE morning three months later Guy Oscar drew up in line his flying column. He was going back to England with the first consignment of simiacine. During the twelve weeks that lay behind there had been constant reference made to his little body of picked men, and the leader had selected with a grave deliberation that promised well.

The lost soldier that was in him was all astride in his veins as he reviewed his command in the cool air of early morning. The journey from Mesa to the plateau had occupied a busy two months. Oscar expected to reach Mesa with his men in forty days. Piled up in neat square cases, such as could be carried in pairs by a man of ordinary strength, was the crop of simiacine, roughly valued by Victor Durnovo at \$40,000. Ten men could carry the whole of it, and the twenty cases set close together on the ground made a bed for Guy Oscar. Upon this improvised couch he gravely stretched his bulk every night all through the journey that followed.

TOBACCO PLANTERS' ORGANIZATION WORK

Kentucky And Tennessee Being Canvassed By Agents.

Claim the Farmers Are Rapidly Putting Their Crops in the Organization.

GOOD WORK IN CALLOWAY CO.

The Planters' Protective Association of Kentucky, Tennessee and Virginia, an organization of tobacco planters, is making great claims for that organization's effectiveness, the latest bulletin issued to press says:

"The success of the Planters' Protective Association of Kentucky, Tennessee and Virginia, is a fixed fact, and this is acknowledged by the world. It has made a country prosperous, and that country's people happy. The Western Districts of Kentucky and Tennessee are being earnestly and thoroughly canvassed by Agents of the association, and the farmers in these sections are rapidly putting their tobacco crops into this organization, and Virginia's planters are doing so too.

With all these planters in, by Christmas next, our association can, if it likes, directly with every country of Europe and of the world, that requires our tobacco in its trade.

By the way, it is a mistake to say that a conference with the American Society of Equity was called at the solicitation of anybody with authority to do so, who is connected with the Planters' Protective association, because there was no occasion for our people to confer.

We are separate organizations, independent entirely of each other and entirely dissociated in business. Therefore all reports to that effect are in error and a mistake.

The reports coming in from the Western districts, of the work accomplished there, during the past ten days, is extremely gratifying to the officers and members of the association.

Dr. J. W. Dunn, chairman of Robertson county, with a large party of splendid workers have just returned to their homes, from that section and it must have been glorious "to have been there."

More than three million pounds of tobacco was pledged as a result of the work of these men. In Murray, Ky., Monday, one thousand acres were pledged at one meeting.

The work of organization is moving along nicely, several counties waiting now, for our men, and we are sending them forward as rapidly as we can."

Theatrical Notes

The New Fitch Play.

New York, Oct. 24.—"The House of Mirth," a dramatization by Clyde Fitch of Edith Wharton's novel of the same name, was given its first New York production at the Savoy theater last night. The play is elaborately produced by Charles Frohman.

Loving Cup for Robert Mantell.

Buffalo, N. Y., Oct. 24.—Robert Mantell, who opened a week's engagement at the Star theater this evening, was recalled at the end of the third act of "King Richard III." and surrounded by his fellow-players, was presented with a loving cup, the gift of the members of the company and William A. Brady and his associates in the management of Mr. Mantell. It was the thirty-first anniversary of Mr. Mantell's appearance on the stage.

Viola Allen as Imogen.

New York, Oct. 24.—Viola Allen last night made her first New York appearance as Imogen in a revival of "Cymbeline" at the Astor theater. The piece was elaborately staged and in the several dramatic situations Miss Allen achieved personal success.

Annie Russell to Take the Road.

When Annie Russell concludes her successful engagement as Puck in "A Midsummer Night's Dream" at the Astor theater late this month, Manager Wagonhals & Kemper will send her with all the sumptuous details of the \$50,000 production on a brief tour of some of the chief cities of the country.

Immaterial.

FARMERS PLAN TO PLAY TRUST GAME

Will Regulate Value of Food Stuffs For Protection.

The President of the Society Outlines the Plans at Meeting Yesterday.

DESIRE ONLY LIVING PRICES.

East St. Louis, Ill., Oct. 24.—The first national convention of the American Society of Equity, composed of farmers, began here yesterday with more than 500 delegates present. The convention seeks to regulate values of grain and farm products by regulating the supply in relation to the demand.

President C. O. Drayton, of Greenville, Ill., in his annual address said: "This is not trust, nor combine to force extortionate prices but rather an organization to get profitable prices for farm products. It is composed of local unions of farmers, established at shipping points. The unions for these points form state associations. These combined form the National Association. Our idea is to establish grainaries in the grain country, and buy barge and places to store all sorts of farm produce."

"If the market is low the society will hold the product until a demand puts prices up to a profitable price when the goods may be sold. The poor farmer who cannot afford to hold his grain will be given warehouse receipts good for two-thirds the face value of the grain represented."

"Farmers hope by this regulation of supply and demand to establish market values. In this connection we will issue daily price bulletins. Telephones in farm houses will be advocated that the farmer may quickly be advised of a rise in the market. This will give him an opportunity to sell at profitable figures."

RIVER NEWS

River Stages.

Cairo	15.0	0.2	fall
Chattanooga	8.4	0.5	fall
Cincinnati	19.5	3.2	rise
Evansville	8.1	0.4	fall

Nashville	9.8	0.4	fall
Pittsburg	6.9	0.1	fall
Davis Island Dam	6.1	0.5	fall
St. Louis	6.5	0.1	fall
Mt. Vernon	7.6	0.4	fall
Paducah	9.5	0.1	fall

A fall of 1 was registered by the gauge this morning. Business at the wharf was rather quiet. The wind was strong last night but no damage was reported and the rainfall was not heavy.

Arrangements are being made by the Chattanooga Packet company with the local wharfbarge company, to handle their freight business when that line of boats begins to come here. The Chattanooga Packet company will run two boats in the Paducah-Chattanooga trade and it is possible that that line may run as far as Cairo. The steamer Chattanooga will be one of the packets and a new steamer being built at Howard's in Jeffersonville, will be the other. The new steamer has been launched but has not been named.

With the Lee Line running from Cincinnati to Memphis, the St. Louis and Tennessee River Packet company's line from St. Louis to the Tennessee river, the Chattanooga Packet company's line from Cairo to Chattanooga, there will be three trunk lines out of Paducah. Then the Paducah and Evansville line the Cairo packet, the Cumberland river packet, the Tennessee river packets, and the small steamers running between Paducah and the small towns within a radius of 30 miles, the river business here ought to be lively this winter.

The Russell Lord and the Castalia returned from the Hatchie river below Memphis this morning, where they had gone after towage. The Russell Lord will leave today for the Tennessee river after a tow.

The Buttkoff arrived at 7:30 this morning from Clarksville and left at noon for Nashville.

The Henry Harley was the Evansville packet today.

Repairs on the steamer Savannah at Memphis will be completed by November 1. The Savannah then will enter the Vicksburg and Memphis cotton trade until the new steamer S. S. Brown, which will run in that trade, is finished. The Savannah went to Memphis to enter that trade when the accident to the shaft caused the delay.

Business was light for the Dickson Post.

Nature's Way Is Best.

The function strengthening and tissue building plan of treating chronic, lingering and obstinate cases of disease as pursued by Dr. Pierce, is following after Nature's plan of restoring health.

He uses natural remedies, that is, extracts from native medicinal roots, prepared by processes wrought out by the expenditure of much time and money, without the use of alcohol, and by skillful combination in just the right proportions.

Used as ingredients of Dr. Pierce's Golden Medical Discovery, Black Cherry-Bark, Queen's root, Golden Seal root, Bloodroot and Stone root, specially exert their influence in cases of lung, bronchial and throat troubles, and this "Discovery" is, therefore, a sovereign remedy for bronchitis, laryngitis, chronic cough, catarrh and kindred ailments.

The above native roots also have the strongest possible endorsement from the leading medical writers of all the several schools of practice, for the cure not only of the diseases named above but also for indigestion, torpor of liver, or biliousness, obstinate constipation, kidney and bladder troubles and catarrh, no matter where located.

You don't have to take Dr. Pierce's say-so alone as to this; what he claims for his "Discovery" is backed up by the writings of the most eminent men in the medical profession. A request by postal card or letter, addressed to Dr. R. V. Pierce, Buffalo, N. Y., for a little book of extracts from eminent medical authorities endorsing the ingredients of his medicines, will bring a little book free that is worthy of your attention if needing a good, safe, reliable remedy of known composition for the cure of almost any old chronic, or lingering malady.

Dr. Pierce's Pleasant Pellets cure constipation. One little "Pellet" is a gentle laxative, and two a mild cathartic.

The most valuable book for both men and women is Dr. Pierce's Common Sense Medical Adviser. A splendid 100-page volume, with engravings and colored plates. A paper-covered, will be sent to anyone sending 21 cents for one of our stamps, to pay the cost of mailing only, to Dr. R. V. Pierce, Buffalo, N. Y. Cloth-bound, 31 stamps.

Fowler when she left this morning for Cairo, but the up trips are good.

Over 10,000,000 bushels of coal were shipped from the Pittsburgh harbor Monday on 7.7 feet of water. The River Coal company sent out the Henry Lourey with seventeen barges, the Coal City with twelve light boats and the Tom Ross with twelve barges. The People's Coal company sent the Charlie Jutte with ten barges, and the United Coal company sent the Helen White with ten barges. Navigation is now in full swing and rivermen do not expect that there will be any interruption for the next six months. The rivers have fine shipping stages from Morgantown to Memphis, and the packets are doing a big business.

The Monongahela River Consolidated Coal and Coke company, has 25,000,000 bushels of coal loaded in the harbor at Pittsburgh and ready for shipment. All the coal in shape is being hurried to Pittsburgh now, in anticipation of a substantial rise in the river within a few days.

A heavy current caused considerable damage to craft in the Kanawha Sunday; forty-five barges were swept away from the Campbell's Creek landing, and the steamer Conroy was broken from her moorings at the dock. Several barges were wrecked and the Armstrong Dock company was damaged to some extent.

A dispatch received by President E. A. Smith of the Cairo Commercial club yesterday announced that the next Western Waterways convention will be held at Vicksburg.

Yesterday's River Forecasts.

The Ohio at Evansville and Mt. Vernon will continue falling during the next 36 hours then probably rise. At Paducah, not much change during the next 36 hours. At Cairo, will continue falling during the next 36 to 48 hours.

The Tennessee at Florence, not much change during the next 36 hours. At Johnsonville, will continue rising during the next 36 hours. The Mississippi from below St. Louis to Cairo, no material change during the next 36 hours.

Harriman-Fish Deal.

New York, Oct. 24.—The Tribune says: Stayvesant Fish, president of the Illinois Central, has sold to E. H. Harriman, his one-third interest in the Railroad Securities company, of which for several years he has been vice president and Harriman president, and has resigned as officer and director of that corporation.

It is understood that Fish received from Harriman, payment for his interest in the Railroad Securities company, partly in cash and partly in Illinois Central stock, the amount of the latter delivered to him being something in excess of \$ 8000 shares.

Street Car Franchise for Sale.

On Friday, the 26th of October, 1906, about the hour of 10 o'clock a. m., at the door of the City Hall, I will offer for sale a street car franchise, for a term of 20 years, according to ordinance recently passed by the city council.

The ordinance is on file in the Auditor's office and can be seen by those desiring to purchase. This sale is made subject to the approval of the General Council.

The city reserves the right to reject any and all bids. Respectfully,
D. A. YELLSER,
Mayor of the city of Paducah, Ky.

That's Why.

"Girls' bathing dresses make men look long."
"Men don't wear girls' bathing suits."
"I know it, that's why."—House

WATER CONTRACT TO BE VOTED ON AT THE NOVEMBER ELECTION

REPORT OF JOINT LIGHT AND WATER COMMITTEE ON NEW CONTRACT BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract existing between the city of Paducah and the local water company for fire hydrants expires during the current month it was incumbent upon the general council to negotiate for such service covering the remaining period which the franchise of the water company still has to run, to-wit: eighteen years.

After several conferences between the joint light and water committee and the officers of the water company a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the votes of the city at the next election and affirmatively ratified by not less than two-thirds of the vote then cast upon the question before contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appears that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract a copy of the same is herewith submitted which reads as follows:

"Section 1. That the City of Paducah, Ky., agrees to rent and does hereby rent from Paducah Water company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, unless the said city shall sooner purchase water company's plant, with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract.

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract therefor shall expire at the end of the eighteen years fixed in section one.

"Section 3. Before this ordinance shall become effective it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage approval and ratification by the qualified voters of the city of Paducah, Ky.; and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$40.00 .. \$6,000.00
30 fire plugs at \$30.00 .. 900.00
231 fire plugs at \$25.00 .. 5,775.00
Total .. \$12,675.00

Under the proposed contract this same service would cost the city but \$8,220.00 for each of the first ten years of the contract a saving upon the number of hydrants now installed of \$4,455.00 per annum and for the ten year period a saving of \$44,550.00.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$3,510 per annum or of \$52,080 for the entire eight years of the franchise, making a total saving to the city between the existing contract and

the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of these cities. The approximate average cost per hydrant in the number of cities mentioned above is \$48.

The rates referred to were submitted by the local water company and this committee assume that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternatives offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter, of course, being quite impossible.

Therefore this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah that the proposed contract be ratified.

JOINT LIGHT AND WATER COMMITTEE.

HYSTERIA

AN EPIDEMIC OF THE DISEASE SWEEPING THE COUNTRY.

A Physician Attributes It to Fancied Wrongs in the Mind of the Public.

Chicago, Oct. 24.—An epidemic of hysteria as contagious as the disease of smallpox, according to Dr. A. R. Mitchell, of Lincoln, Neb., is sweeping over the nation, and unless the public mind can be brought to a calm retrospection incalculable damage must be done. He attributed the malady to fancied wrongs.

Dr. Mitchell's assertion was made at the meeting of the American Association of Railway Surgeons yesterday. His remarks brought out an interesting discussion of the nation's affliction, during which Dr. R. W. Corwin, president of the association, proffered some advice to physicians as to how the disease should be treated.

"Physicians should mix the spiritual with their treatment of hysteria, and should use less of the material," said Dr. Corwin. "Everybody wants sensation. It has crept into our school board and into the lives of women. Women have their teas and drink. They go to soda fountains—some of them—and order drinks. I will say, too, that they do not always order soda water. The fraternities among the schoolboys were recently abolished because it took their minds from their studies."

Dr. Mitchell said hysteria was looked upon by people at large as an outbreak of certain overtaxed emotional females finding expression in tears or convulsions, but the educated physician knows that hysteria is as much a disease as smallpox. It affects all men and women alike. Innumerable examples of the infectious and contagious character of the malady, he said, are recorded through all history.

Dr. Mitchell concluded by saying the eagerness to take from those who possess that which the masses have given them the right to possess and give to those less gifted with forethought and courage has reached a stage where it needs medical attention.

NAPOLÉON BONAPARTE. Showed, at the battle of Austerlitz, he was the greatest leader in the world. Balard's Snow Liniment has shown the public it is the best Liniment in the world. A quick cure for Rheumatism, Sprains, Burns, Cuts, etc. A. C. Fitts, Redwood, La., says: "I use Balard's Snow Liniment in my family and find it unexcelled for sore chest, headache, corns, in fact for anything that can be reached by a liniment." Sold by all druggists.

THE BIDS OPENED FOR LANG PARK

The Contract Will Not Be Let
For A Few Days.

The Boards Find a Big Sentiment
Existing for the Bond Bond
Issue.

SEEMS TO BE IN GREAT FAVOR.

The board of park commissioners met yesterday afternoon, opened bids for building concrete walks in Lang park, and adjourned without letting a contract. Bids were made by Robert Boswell, W. B. Milne, city, and the Memphis Asphalt and Paving company. Each bid on the work per foot, and the commissioners will decide the amount of work to be done before the contract is let.

The board also canvassed the situation in regard to the bond issue which is to be voted upon at the election November 6th, and from the reports made the issue is a very popular one. The board will, in all probability arrange for some speaking dates in each ward of the city to put the proposition before the people clearly, as it finds, from the reports, that some people do not understand it.

The board feels that if the people know that the parks won't cost them a cent in taxation and that it will arrange to take care of the bond issue out of the yearly appropriations which the law gives it that there is no doubt of the issue carrying.

It is popular in all circles and there is hardly any doubt of its carrying. The laboring men and the business men are lining up for it, and where thoroughly understood all voters seem to favor it.

A real estate man said today: "The increase a system of parks as is proposed for Paducah—a park in each ward, will by the increase of the property value, take care of the appropriation each year. The money invested in parks is the best possible investment that could be made, as the park property, instead of depreciating value as most public improvements do, will be worth double in twenty years. I am heartily in favor of the bond issue."

SHOT GUN PATROL

PROVES A SUCCESS AS DETER-
RENT TO COAL THIEVES.

Coal Pickers Are Now Conspicuous
by Their Absence in the
Yards.

The "shotgun patrol" established in the local Illinois Central yards by Special Policeman Dick Tolbert has proven a success and there is a conspicuous absence of coal pickers in the yards, especially those of juvenile class.

"I shot only one coal picker and I will tell you he certainly did run," the policeman related. "He was a boy of about 15 years and had a basket and push cart stealing coal. I used beans in my shot gun and let him have both barrels. He screamed and started running. I think he is going yet."

In his haste the negro dropped his cap and never once stopped to regain it. The policeman has it as a souvenir of the first action of the "shotgun patrol."

The police are looking for a "ginger color" negress carrying a package with the Harbor firm name on it, and a box of shoes from the Lendler & Lydon store. They want the shoes particularly, and also an explanation as to why the woman confiscated them.

This morning at 10 o'clock Mrs. Joseph Mattison left the Lendler & Lydon shoe store with a pair of shoes she had just purchased. The next stop was made at J. R. Roberts' dry goods store where Mrs. Mattison laid the shoes on the counter near the front. The negro woman was standing near. The shoes were missed when Mrs. Mattison returned from the rear, and so, also, was the negro. No one saw the theft, but as the negro was the only person in the store at the time, she is suspected.

Notice to Owls.
The Owl lodge is called to meet at the old Elk hall on North Fourth street Thursday night.

BOYS AND GIRLS

Write Us a Verse or
Story on

Wallerstein's Bells Prizes for the Best Two

Probably, every man, woman and child in Paducah knows of the great success of our "at home" last Thursday, and the hit we made with our souvenir bells.

You could see, and hear them all over the city; the aldermen were disturbed in their deliberations, and called on the chief of police to quiet the racket, and many a sleeper awakened by "the tinkle of the bells," Wallerstein's bells.

The incident was deemed worthy of notice by the newspapers and has suggested an idea to us. We want a composition, or story, as the newspapers call it, upon the incident, and shall offer two prizes of five dollars in gold each for the best article written by a girl and the other for the best article written by a boy. The composition to contain two hundred words or less.

The contest is open to every school boy or girl in Paducah, and the contributions must be in our office by Saturday at noon. Mr. R. B. Willson, editor of the News-Democrat, and Mr. L. V. Armentrout, of The Sun, will be the judges, and make the awards, and the prize contributions will be published early next week.

Read the announcements of the opening in the afternoon papers of Wednesday and Thursday, and the newspaper comments on the incident in Friday's papers for material for your composition.

Quality Talks!

"Quick Meal"

Steel Ranges

Means Quality

Quality is most essential in buying a Range. If the Range lacks quality it is bound to prove unsatisfactory.

It is a positive fact that a good range cannot be built at a price less than the Quick Meal Steel Ranges are sold for. If the price is lower the quality must be cheapened, and the range cannot last.

We've built a reputation through our Quick Meal Steel Range, and we are going to hold this reputation by keeping the quality as heretofore. Quick Meal Steel Ranges are not made to meet cheap competition or gaudy imitations, but to outlast and give better service than any other Range on the market.

Quick Meal Steel Ranges more than justify the difference in cost, through the amount you will save on repairs, should you purchase a lower priced one.

"Fine" needs emphasis when describing the Hannan Shoe. Other shoes have borrowed the word and abused it.

Let's say "satisfaction" instead—satisfaction based on fit, comfort, style and service.

That's what you get with every pair of Hannan Shoes.

Low-priced, we think, for what they offer.

\$5.00 and up.
For men and women.

One pair sells
another.
That's quality.

YOUR FIRST THOUGHT

When dwelling on the Plumbing or Heating question is: Who's the best to see? Ask your neighbor. Oftener than not he will refer you to

COLE'S ORIGINAL HOT BLAST=THE CLEAN STOVE

Cut No. 1
Shows how Dustless Ash Cover is used—the
modern method. (Patented)

DUST PROOF

Cole's Original Hot Blast is the cleanest stove ever placed on the market. Our method of removing ashes shown by cut No. 1, is perfectly clean and overcomes the many objections to the ash pan used in other stoves.

The elbow draft casting with its upward slant allows the empty coalhod to be set under the draft so that no ashes or coals can be spilled on the floor. Our patented dustless ash cover shown by illustration is furnished free with Nos. 122, 152, 182 and 196 stoves. It keeps down every particle of dust in removing ashes, a feature that will be appreciated by every tidy housekeeper.

Ash pans when used in other stoves are too small to hold a full 24 hours' accumulation of ashes. They are usually over-filled when removed, and the ashes in the bottom of the stove are dragged out on to the carpet, as shown by cut No. 2. You are all fam-

iliar with the ash pan method, and have, no doubt, gone through the process many times of spreading a newspaper or cloth under your stove every time the over-filled pan is removed.

The ash pan is not only dirty, but is a great evil in stove construction. It adds a door and joints which can be made only temporarily air-tight by the use of stove putty. These joints open after a few weeks' use, rendering ash pan stoves worthless as fire keepers, and makes them fuel-eaters rather than fuel-savers. The ash pan and the shield for guiding ashes into the pan, also prevent base heat.

Our method is the only clean way. The whisk broom, turkey wing and dust cloth are dispensed with. There are no joints to leak air, base heat is not retarded and Cole's Hot Blast is the cleanest stove, the best floor heater and the only stove in the world which can be guaranteed to remain always air-tight.

SMOKE PROOF

The feed door on this stove is guaranteed smoke proof and does away with the escape of smoke, soot and gas into the house. Side feed doors used on other stoves discharge a cloud of gas and soot-laden smoke into the house and scatter soot and ashes over the carpet when opened.

Another point: In feeding coal into a side feed door it has to be thrown into the stove, which usually results in scattering much of it over the floor. With our cleanly smoke proof feed door the coal is poured into the stove even to the dust in the bottom of the hod without a particle being spilled on the floor.

This clean and economical stove burns the gases which often escape into the rooms with other stoves. The annoyance and dirt from kindling new fires is dispensed with, as the rooms are heated up for two or three hours each morning with the fuel put in the night before and the fire is never out. COLE'S ORIGINAL HOT BLAST is the cleanest stove made and will more than save its cost in fuel each winter.

Cut No. 2
Shows the dirty ash pan method.
